

PORTSMOUTH ADVERTISEMENTS AND TELEGRAPH CONTINUED—BERKLEY NEWS.

Skin Diseases

When the excretory organs fail to carry off the waste material from the system, there is an abnormal accumulation of effete matter which poisons and clogs the blood, and it becomes sour and acid. This poison is carried through the general circulation to all parts of the body, and upon reaching the skin surface there is a redness and eruption, and by certain peculiarities we recognize Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Brysipelas and many other skin troubles, more or less severe. While the skin is the seat of irritation, the real disease is in the blood. Medicated lotions and powders may allay the itching and burning, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and skin permanently injured by their use.

The disease is more than skin deep; the entire circulation is poisoned.

The many preparations of arsenic, mercury, potash, etc., not only do not cure skin diseases, but soon ruin the digester and break down the constitution.

S. S. S., nature's own remedy, made of roots, herbs and barks, of great purifying and tonic properties, quickly and effectually cures blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal healthy action to the different organs, cleanses and enriches the blood and causes a fresh attack.

Healthy blood is necessary to preserve that clear, smooth skin and beautiful complexion so much desired by all. S. S. S. can be relied upon with certainty to keep the blood in perfect order. It has been curing blood and skin diseases for half a century; no other medicine can show such a record.

S. S. S. contains no poisonous minerals—it is purely vegetable and harmless.

Our medical department is in charge of physicians of large experience in treating blood and skin diseases, who will take pleasure in aiding by their advice and direction all who desire it. Write fully and freely about your case; your letters are held in strictest confidence. We make no charge whatever for this service. Our book on Blood and THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

AFRAID OF FITZ.

CHAMPION JEFFRIES' TRIBUTE TO THE KANGAROO.

(By Telegraph to Virginian-Pilot.)

Chicago, March 31.—"They are all afraid of Fitzsimmons, and to tell the truth, I would rather fight ten Sharkeys, a dozen Corbets and all the McCoys you could bring before me than fight Fitzsimmons again."

This was the assertion made to-day by Champion James J. Jeffries. The champion arrived in Chicago to-day from Kansas City. Jeffries was asked what he thought was the trouble with Fitzsimmons, and why the Corbets could not get on any matches that could be made with him. This is Jeffries' idea of the situation:

"McCoys knows in his heart that he cannot beat Fitzsimmons. Sharkey would as soon be dropped into a bear pit. I will not say about Ruhlins, but I guess the big fellow would take a chance, for he has never felt the might of that freckled fist of Bob's. I am satisfied none of them care a bit about Fitzsimmons' game. They do not think they can beat him, and have a fear that he may wind them up in a hurry, as he can do."

"Fitzsimmons is one of the greatest judges of distance I ever heard of. He can get away from a punch by the narrowest margin, always keep himself in hitting range, and, best of all, can hit from almost any position. I must take off my hat to him. He is far and away the best man I ever fought. You may have heard that before from a victorious man, but I mean it in this case, and I am not head over heels with Fitz personally at that."

Washington, March 31.—The dispatch boat Dolphin, returning north from Cuba, put into Port Royal, S. C., to-day for coal and repairs.

Viadakkas, Caucasus, March 31.—A mail train collided with a freight train near Alkhan Tehtur to-day. The petroleum tanks ignited and the engines of both trains, the postal clerks and many of the passengers perished in the flames.

RAIL AND WATER NOTES

Changes in the Southern Railway Traffic Department.

The Baltimore and Ohio May Build from Lexington to Roanoke—Steamboat Service in Virginia and the Carolinas—A Report Denied.

The following changes in the Traffic Department of the Southern Railway have been made, and will become effective April 1st:

L. Green, formerly division freight agent at Birmingham, Ala., made assistant general freight agent, with headquarters at Washington, D. C.

G. R. Browder, formerly division freight agent at Raleigh, N. C., takes Mr. Green's place at Birmingham.

George G. Thompson, Jr., formerly soliciting agent at Lynchburg, Va., goes to Raleigh as division freight agent.

George Graham has been appointed soliciting agent at New Orleans, La., vice Lindee, resigned.

R. L. Simpson has been appointed traveling agent, with headquarters at Columbus, Miss.

Messrs. Thompson and Simpson have many friends in Richmond. Mr. Simpson having at one time lived here.

B. AND O. IN THE SOUTH.
The question of extending the Baltimore and Ohio to Roanoke, Va., is again being agitated. As readers of the Manufacturers' Record are aware, the railroad terminates at Lexington, Va. Under the old regime the question of building it to Roanoke was considered, and a roadbed partially constructed, but nothing further was done about the matter. The Manufacturers' Record learns on good authority that if the Baltimore and Ohio can secure a Southern connection at Roanoke it would probably build from Lexington. Such a connection would be offered by the Norfolk and Western's division, extending from Roanoke to Winston, N. C. The extension from Lexington to Roanoke would greatly increase the business of the Valley branch of the Baltimore and Ohio. The extension would be about forty-five miles in length.

STEAMBOAT SERVICE.
The Chesapeake Steamship Company makes the announcement that the service of the Baltimore and York River Line between Baltimore and West Point, Va., will be daily beginning April 2. This line is one of the best kept up between Baltimore and Richmond, and some of the largest boats in the company's fleet have been placed in service on it.

Arrangements are being made for a steamboat line between Wilmington, N. C., and Georgetown, S. C., which will include several towns between these cities. The business men of both Wilmington and Georgetown are encouraging the project.

A REPORT DENIED.
A report has been current that the Norfolk and Western Railroad Co. will construct its own line from Petersburg to Richmond. In a letter to the Manufacturers' Record Mr. Henry Pink, the president of the company, states that the report is entirely erroneous.

PORT NORFOLK.
The Port Norfolk electric railway is installing an addition to its power plant.

Mr. Wilson, of Erie, Pa., has been employed as foreman of the Air Line Manufacturing Company, and he is making arrangements to start the factory within a few days.

The Port Norfolk Investment Company disposed of 24 lots the past week, and many of the purchasers are preparing to build on the lots purchased.

Mr. C. W. Steele, secretary and treasurer of the Air Line Manufacturing Company, is anxious to secure parties having capital to build dwellings for the factory employees near the factory.

Some of the citizens of this place have recently been making inquiries as to the reason why the lights are not lit along the car line at night, as the agreement upon which the railway was laid was that lights should be furnished. This agreement was carried out until recently, but seems now not to be in effect. The matter will be looked into farther, as more light is what the people want.

The Transport Summer.
(By Telegraph to Virginian-Pilot.)
New York, March 31.—The transport Summer started on her voyage for Manila with 732 volunteer soldiers and 60 officers and supplies this afternoon. Congressman Edmund H. Driggs, of Brooklyn, after making a thorough inspection of the transport this morning, declared that the charges of extravagance and lavish expenditure of money on the Summer are true. He condemned the unsanitary arrangements for the soldiers and declared that he would demand further investigation of the reitting of the Summer.

Rev. Mr. Carey will continue the meetings at the Methodist Church this week. He will be assisted by Rev. Mr. Beades, of Central Church.

Mrs. Cawthorn and her little son, Philip, left here yesterday afternoon for Baltimore. They will spend several weeks in that city.

A Large Coal Deal.
(By Telegraph to Virginian-Pilot.)
Charleston, W. Va., March 31.—One of the largest coal deals ever in this district was closed here to-day by C. J. Wittenberg, president of the High Carbon and Coke Company of New York. The owners of twenty coal mines agreed contracts with the company for the sale of all coal shipped by them east for the ensuing year. These mines have a daily output of 8,000 tons. A large part of this coal will be exported to New York, New York, and will reach foreign markets at which American coal has never before found admittance.

PORTO RICAN MATTERS.

ANTAGONISTIC VIEWS ON THE PROPOSED TARIFF.
(By Telegraph to Virginian-Pilot.)

San Juan, P. R., March 31.—In an interview to-day with the Associated Press correspondent, Governor General Davis said:

"I have not felt it proper for me to discuss Congressional matters, filling as I do an executive position. I have expressed my views fully, however, on Porto Rico's needs, and I might say if Congress should adopt free trade the receipts of the custom houses would naturally cease. One million five hundred thousand dollars has been collected during the fiscal year, and with free trade this will fall off. What then will run the island."

"Although I have received no official advice regarding an appropriation, I understand through the newspapers that an appropriation was decided upon, and I infer that this appropriation will be spent on insular government expenditures. If free trade is adopted I cannot see how the necessary funds for conducting the affairs of the island are to be raised by myself or those who succeed me. Two million dollars are the present expenses, and this amount will be needed annually. There is only small revenue incoming from stamps, liquor, tobacco and mercantile licenses, and it is impossible to collect taxes because of the conditions."

W. T. Townes, president of the Porto Rican American Tobacco Company, says the proposed tariff will keep Porto Rico out of the American market; that Porto Rico will sell to Europe, China and Japan, and not a pound to the United States.

The tariff means a difference of \$725 on each thousand pounds of finished tobacco. United States makers can buy the same leaf and make it up in the United States and sell it \$725 cheaper than the Porto Rican manufacturers.

The Porto Rican American Tobacco Company employs 500 hands at Ponce and San Juan, and has an output of cigarettes to the value of \$1,000,000 annually.

The Mayors of many towns have become dissatisfied, and wish to resign, although only elected a few months ago. They do not like the responsibility of their offices and the empty treasury. A general order was recently issued prohibiting resignations except on account of illness. The deficits have been caused for the most part by the order in 1899 removing municipal taxes on meats, breads, foods, etc., which order, however, was considered just, but on account of which the city receipts have fallen off about half. In many towns funds are unavailable to pay police, clerks, teachers and the common expenses for the past few months.

BRYAN AND M'KINLEY.
A GERMAN EDITOR DISCUSSES THEIR CHANCES OF WINNING.
(By Telegraph to Virginian-Pilot.)

New York, March 31.—The World to-morrow will say:

Oswald Ottendorfer, editor of the Staats Zeitung, was interviewed by a World reporter on the political issues of the day and the prospects of the coming national campaign.

"Personally, and speaking only for myself," said Mr. Ottendorfer, "I would prefer Bryan's election to McKinley's re-election. Kansas City Convention would do a wise thing by maintaining silent on the free-silver issue. I do not suggest a trimming of sails to fool the people. The money question, or that the convention should repudiate the platform of 1896; but there is no reason why the 1 to 1 issue should be brought forward this year."

"The Democratic party has a great opportunity if it looks forward and not backward. A great majority of the people of this country do not wish to be forced to vote for McKinleyism, imperialism, militarism, and I am convinced that thousands and thousands of voters, who four years ago preferred McKinley to Bryan, are now ready to prefer Bryan to McKinley. Of course they might prefer to vote for some one in place of Bryan."

"Do you think Bryan would have a chance of winning?"

"Yes, if he and his friends do not insist upon a radical reaffirmation of the Chicago platform. The Republicans have only one hope of re-electing McKinley, and that hope is that they can again make 16 to 1 the issue against the Democratic party."

BERKLEY NEWS AND ADVERTISEMENTS

DEATH OF AGED CITIZEN

Mr. S. J. Smith Completes a Long and Useful Life.

An Interesting Budget of Entertaining Items, Personal, Social, Business and Events of More or Less Importance Garnered for Readers in Berkley.

Mr. S. J. Smith, a well-known and highly esteemed citizen, died yesterday morning at 6:40 o'clock at the home of his son, Mr. F. M. Smith, No. 108 Liberty street, after several weeks' illness. He was 72 years old, and leaves a wife and eleven children—five daughters and six sons, who are as follows: Mesdames George Sanders, of Berkley; G. T. Jennings, of Centerville; W. J. Parker, of Portsmouth; Miss Georgia Smith, of Berkley; and Mrs. J. W. Kemp, of Hampton; and Messrs. D. Y., of Philadelphia; O. L., of Princess Anne county; S. J. Jr., F. M. V. L. and W. A. Smith, of Berkley. The deceased was born near Great Bridge, Norfolk county, where he lived until twelve years ago, when he became a resident of Berkley. He conducted a mercantile business while in the county, and came to Berkley about six years ago, when he was a resident of Berkley. He was a true and consistent Christian and a member of Chestnut Street M. E. Church.

The funeral will be conducted from the residence of his son, Mr. F. M. Smith, this afternoon at 3 o'clock. Rev. J. T. Mastin, pastor of Chestnut Street Church, after which his remains will be interred in Magnolia Cemetery.

The deceased was an esteemed member of Berkley Lodge No. 167, A. F. and A. M., and will be buried with the honors of that body.

The directors of the Merchants' and Planters' Bank of Berkley are as follows: Messrs. Foster Black, president; A. H. Martin, vice president; J. J. Ottley, J. H. Jacobs, W. L. Berkley, W. B. Daugherty, William Tillotson, W. M. Tilley and Dr. E. F. Trull.

There are some of the citizens of South Norfolk who don't understand why their mail is not sent direct to them through the South Norfolk office. For the benefit of such the postmaster, Mr. J. A. McCould, Jr., states that until their mail is directed to them through the new office it will continue to stop at the Berkley office.

Yesterday afternoon about 5 o'clock, while amusing himself with a hatchet, Melville, the little son of Mr. and Mrs. W. W. Robertson cut one of the fingers of his right hand very nearly off. Dr. Trull attended him, and it required several stitches to sew up the painful gash.

James Raney, foreman of the planning mill department of the Tims Lumber Company, had the misfortune to get his left hand badly mutilated in the gear of one of the planing machines yesterday about 12 m. He was taken to the office of Dr. F. M. Morgan, where, with the assistance of Dr. McCould, the hand was dressed. It will be remembered that Mr. Raney had the misfortune to get his right hand cut to pieces about a year and a half ago.

Berkley Lodge No. 167, A. F. and A. M., have accepted an invitation from the Board of Stewards of Chestnut Street M. E. Church to lay the cornerstone of the new Methodist Church now in course of erection some time in the latter part of April.

The regular monthly meeting of the Missionary Society of Main Street Christian Church will be held this evening at 7:30 o'clock. The following program will be rendered:

Opening hymn No. 23.
Prayer by pastor.
Hymn No. 255.
Solo—Miss Ollie Scarbrough.
Recitation—Master Willie Graves.
Solo—Miss Alice Duncan.
Recitation—Miss George Gilbert.
Address by Captain W. J. Bohannon, of Baltimore.

Solo—Mr. Walton, of Portsmouth.
See call of Berkley Lodge No. 167, A. F. and A. M., to attend the funeral of their deceased brother, Mr. S. J. Smith, Jr.

Mrs. J. H. Lacey is indisposed at her residence on corner Liberty street and Berkley avenue.

Mrs. S. B. Upton, of Camden, N. C., is the guest of her parents, Mr. and Mrs. L. N. Wood, on Lee street.

See notice in this issue of Mr. Harry Goodman, announcing the opening of his large cut-hack furniture and stove house, corner Liberty and Seventh streets. He has arrived from Baltimore, where he purchased a large stock for his new store.

See notice of the Merchants' and Planters' Bank.

W. L. BERKLEY & CO.,
WAVERLY BUILDING, 103 CHESTNUT STREET, BERKLEY, VA.
NOTICE TO MY PATRONS.

I will occupy my commodious building, corner Liberty and Seventh streets, next week, which is to be known as a cut price house. After May 1st the two large stores adjoining my place on the rear, and facing Seventh street, will also be occupied by me, and the whole of which will be converted into one store room, in which I shall carry Household Goods, Furniture, Stoves, &c. Store opens April 5th at 8 o'clock sharp. Remember, cut prices on everything.

HARRY GOODMAN, Proprietor.

Hampton, Ga., March 31.—A \$60,000 yarn mill has been organized here. All the stock has been subscribed here. Work on the building will be begun at once.

Wilson, N. C., March 31.—The negro Hunt, who was shot by J. D. Farrier yesterday, died at 7:30 to-night. It is believed that the coroner's jury will exonerate Farrier.

Washington, March 31.—The Director of the Census has appointed Alce
